

Rally Game Day

The best way to learn is to have fun while doing it !

Join us for some exciting and interactive games that focus on helping teams build on their rally skills, improving your dog's focus, your communication skills with your dog and the confidence needed to be successful in the ring.

These games are built to help teams of any level learn the rules, regulations, primary elements & direct exercises from all the levels of WCRL.

Each game is about 1 hour to 1 hour 30 min long and prizes will be given for applicable games.

These games will require dogs to be able to work in the presence of other dogs.

Taylor Brookes is a World Cynosport Rally Judge & Certified Professional Dog Trainer - CPDT-KA.

Taylor came to the world of competition dog sports after 10 years of dogsledding. She currently holds titles in Obedience, Rally-O, K9 Parkour, Trick Dog Training, Dock Diving, and Nosework.

Taylor's style of training as an instructor focuses on the relationship building aspect of owning a dog and encourages learning in fun and positive ways.
